

Fruits and veggies. Eat colorfully and live healthfully.

Event in a Box, **Preschool Edition.**

Get your kids excited about fruits and veggies.

Who is this for? Kids and their parents.

Why is this a good idea? Because eating fruits and veggies is healthy and delicious.

- **Follow the Rainbow**

Provide a large white piece of butcher paper and draw the outline of a rainbow on it. Provide the children with pictures of all yellow, green, red, orange, blue, and purple fruits and veggies. Have them glue the different fruits and veggies pictures on the rainbow to fill in all of the colors.

- **Fruits and Veggies Shopping Helper**

Rather than just listing items to buy at the grocery store, have the kids draw the items with crayons and/or markers.

- **Sculpt-a-Snack**

Using colorful Play-Doh, have the kids sculpt the fruit or veggie they want to have as a snack. When someone guesses what it is, the sculptor is awarded the real, edible version.
